ASFU Oracle Software

Kerridge
Commercial Systems

The purpose of this document is to outline changes to the Oracle Software ASFU and Embedded database licence.

Introduction

Kerridge Commercial Systems Ltd harness features of the Oracle Database Software for use in the K8 Business Management Solution offering customers performance, scalability, reliability, and security, both on-premises and in the cloud.

Available from 2023 are two Editions of the ASFU Oracle Software Database for deployment with the K8 Business Management Solution:

- Standard Edition
  – Available to Tier 1 and Tier 2 User Tiers as previously.

- Enterprise Edition
  – Available previously at Tier 3 and above, now available at lower Tiers

  – As above with Multitenant, now available at Tier 3 and above

(Multitenant not previously available under any Tiered Database schemes)

The ASFU Oracle Software database has features available for deployment across the Editions listed above and Tiers as per the following table, which also shows the entitlement pre 2023 for the Embedded and ASFU Oracle Software tiered Editions deployed.
