

ANDUS AND MAHIUS PLANS FOR BUSINESS GROWTH WITH IQ RETAIL AS THEIR SOFTWARE PARTNER

Established in 2016, Andus and Mahius, is a wholesaler trading company that provides general consumption products and animal feeds of a wide variety. Situated in the Mount Kenya Region, their vision is to become the one-stop-shop for all household items and to bring the vision of "Everything...closer to you" to the greater Kenya area.

Andus and Mahius realised a need to change their retail solution when they found that their current system would not support their plans for future growth. They required functionality that would keep up with their expansion plans.

Owner, Barnabas Gioche, said; "We needed a solution that would not only support us as a business, but that would also be user-friendly for our staff. IQ Retail provided us with exactly such a solution."
